Maid of Honor .....	Amber Havens

## Director's Notes:

Directing is always an amazing process. I was fortunate enough to be presented with very talented actors. Knowing this made it easy for me to forgo elaborate sets and let the actors and myself be more creative in the development of the show. "Kings and Queens and Silly Things" is comprised of three fairy tales that should wake memories of past, present and future. Enjoy the performance. I enjoyed directing it.

Jennifer Rae
